As a subscriber of **Seldom Seen Farm**, I will receive a weekly share of vegetables. The shares will vary in weight and size depending on the season. By signing this contract, I understand that there are inherent risks in farming, which may affect the availability of products offered by **Seldom Seen Farm**. These risks include, but are not limited to: poor weather, drought, disease, early frosts, pests, crop failure. **Seldom Seen Farm** plans for such contingencies and uses growing techniques that try to protect the harvest such as growing a wide variety of crops that thrive in different conditions, cover cropping, crop rotation, irrigation, etc. On the whole, members will receive a variety of vegetables, salad and/or flowers, based on our subscription and subject to the unpredictability of farming, each week. By participating in the **Seldom Seen Farm** Subscription plan, I understand that not only am I supporting the local farmer, I am supporting locally grown, sustainable flowers and vegetables, a more equitable food distribution system and I am contributing to a more environmentally sound and economically fair and healthy society.

Subscribers may purchase a Salad Box, a Full Box, and/or Weekly Bouquets. An additional half pound of salad mix may also be added to any existing share. A Salad Box is built around weekly salad mix and offers a variety of salad related crops for \$350 for the 22 week season. The Full Box is built for two people and offers a wide variety of vegetable and herb crops throughout the season for \$594 for the 22 week season. The Weekly Bouquets allow you to choose from what is available at the market for 13 weeks for \$130. An additional half pound of salad mix can be added to the Salad Box or Full Box for an additional \$110 for the 22 week season. We do not customize individual boxes. Additional information on each of the boxes is available on our website at (www.seldomseenfarm.com).

I, _____, (print name) subscribe to receive a box of produce, salad and/or flowers each week from **Seldom Seen Farm** for the 2009 harvest season.
